# The right compressor for your business

#### **Reliable by Design**

#### Direct drive

No gears. No belts. Up to 100,000+ operating hours due to its simple integral design.

#### High quality air

Clean, dry and pulse free straight from the outlet means less downstream equipment required.

#### Slow speed

1450 - 1760 rpm speed operation results in low noise, low stresses and long life.

#### Common replacement parts

Quick, cost-effective servicing, with minimal downtime.

#### Guaranteed

2 years standard warranty is now available for total peace of mind on all Champion Vane models.

#### High quality starter

A high quality starter with robust control circuit, including overtemperature protection.

#### Champion Vanes can be combined with membrane dryers and aftercooler kits. (Both solutions are offered as retrofit kits or factory fitted).

The membrane dryer kits integrate perfectly with Champion vanes to provide a compact and efficient air drying and filtration solution. The Dryer kits include: Membrane dryer , after cooler, manual water drain, tap, 0.1 micron & 0.01 micron filters.

The after cooler kits are designed to efficiency cool the outlet air and to reduce moisture. The after cooler kits also include a manual drain tap.
